Home**

\*Typical example: Spend £299 on a 12 month Buy Now Pay Later agreement on your Argos Card. Pay nothing for 12 months (although you can if you wish) and then settle the cash price at that point. Total payable £299. Or choose to spread the cost over a longer period, paying a minimum 3% or £2 each month (whichever is the greater) and if you only ever pay the minimum, the total payable would be £355.58 (25.9% APR). Includes deferred interest from the Buy Now Pay Later period. Written quotations on request. Subject to Status. Ask for details.

† Information. Please note that all large domestic appliances are excluded from the Argos 16 Day Money Back Guarantee, see page 1582 for details.

Technical specifications explained

1. Energy class - with A the most efficient and G the least efficient
2. Energy consumption - in kilowatt hours.

3. Net Cavity Volume - usable oven volume measured in litres.
4. Oven size - based on volume, cavity size as small, medium and large.

◆ Typical example: Spend £299 on a 12 month Buy Now Pay Later agreement on your Argos Card. Pay nothing for 12 months (although you can if you wish) and then settle the cash price at that point. Total payable £299. Or choose to spread the cost over a longer period, paying a minimum 3% or 12 each month (whichever is the greater) and if you only ever pay the minimum, the total payable would be £955.58 (25.9% APR). Includes deferred interest from the Buy Now Pay Later period. Written quotations on request. Subject to Status. Ask for details.

\*Financial example: Spend £250 on a 6 month Buy Now Pay Later agreement on your Agos Card. Pay nothing for 6 months (although you can if you wish) and then settle the cash price at that point. Total payable £250. If you choose to spread the cost over a longer period, paying a minimum 2% a month (maximum 6% a month) and if you don't pay the minimum the total payable would be £250 + 25.5% APR. Includes deferred interest from the Buy Now Pay Later period. Written agreements in force. Subject to credit checks. For 12 months Buy Now Pay Later see page 1562.

**25.9%** APR variable

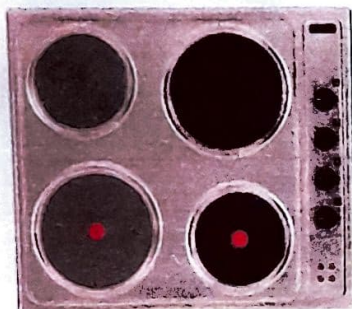

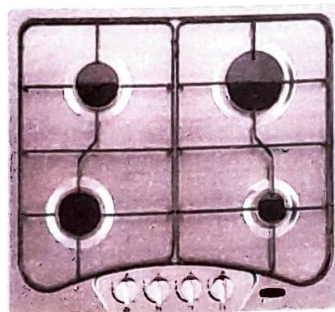

# ANTONY WORRALL THOMPSON

Good quality appliances are the key to successful results in the kitchen. That's why I've teamed up with Micromark to develop my new range of built-in ovens, hobs and a great looking wine cooler. Every product has been selected to perform well and look great in any kitchen environment. I hope you enjoy using all of my products.

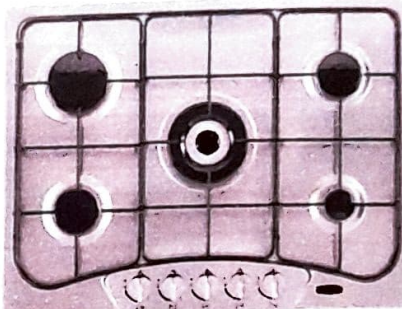

*Antony Worrall Thompson*

## Microwaves explained

**Manual control microwaves**  
See page 767  
Simple and easy to use. Ideal for reheating, defrosting, warming and basic cooking.

**Touch control microwaves**  
See page 768-769  
Has all the features of a manual with the addition of digital controls, giving you greater versatility and

accurate cooking times

**Microwaves with grill**  
See page 770

All the convenience of a microwave plus the benefit of a grill. Allows you to grill and microwave simultaneously - crisping and browning food much faster than a conventional grill.

**Combination microwaves**  
See page 772-775

3 in 1 package combining a microwave, grill and oven. These flexible and convenient products allow you to microwave, grill or oven cook at the same time or separately for total control. Roasts and bakes crisps and browns giving perfect results in half the time.

**19L CAPACITY** Capacity in litres

**700W** Power Output in watts

**AUTO COOK / DEFROST** Auto Cook / Defrost

Select food weight and the microwave will automatically cook/defrost for the correct amount of time.

**STAINLESS STEEL INTERIOR** Stainless Steel Interior

Easy to clean, professional finish

**CONVECTION OVEN** Convection Oven

For assisted convection oven giving faster cooking times with better heat distribution for better results. The ultimate in cooking!

# BRITA

## WATER FILTER KETTLE

BRITA FILTERED WATER. THE STANDARD IN FILTERED WATER.

# the classic Brita kettle

All Acclaro kettles feature:

- The Brita Classic cartridge
- Large 1.5 litre boiling capacity (2.5 litre total)
- Easy fill, pour through spout
- 3kW Rapid boil element
- 2 year quality guarantee
- 30 day money back guarantee

1 **£59.99**

2 **£44.99**

2 **£13.50**

## SAVE £5

When you buy a Brita Water Filter kettle and 4 pack of Classic cartridges

Improves taste by removing heavy metal and impurities, leaving the only smooth surface of hot water.

Reduces limescale which can eliminate the need for descaling.

Features the electronic exchange indicator which reminds you when to change your cartridge.

### 1 Brita Acclaro Select 3kW Rapid Boil Water Filter Kettle

Chrome and black finish. Combined water filter and kettle. Includes 1 FREE Classic cartridge. cat no 422/1294

Replacement product cover up to 3 years in available.

# LEAN MEAN FAT REDUCING GRILLING MACHINE

# GEORGE FOREMAN

Great tasting healthy  
food grilled in minutes

"Hi I'm George Foreman and this is my Lean Mean Fat Reducing Grilling Machine. With unique patented dual, non-stick grilling plates, my grills cook food on both sides and channel fat and grease away from food, into a separate drip tray. Its easy to clean too"

## 1 Baby George.

# DeLonghi

Living innovation

## Why Half the Oil?

As the DeLonghi 'Rotofryer' system features a unique angled, rotating basket it needs half the oil of a standard 1kg capacity fryer.

## Easy Clean System

All fryers have the DeLonghi 'Easy Clean System', no lifting or tipping. Once the oil has cooled, place the fryer on drainer, pull out the drain tube and drain the oil back into a container, no funnel required. Easy to put fryer away clean everytime.

**1 kg**  
FOOD  
CAPACITY

# FRY USING HALF THE OIL

**HEALTHIER FRYING** - using olive oil when frying can help improve your diet, (its rich in Vitamins A and E and is monounsaturated). However, using olive oil for deep frying can be expensive unless you use the DeLonghi Rotofryer which uses half the oil.

2 DeLonghi F18316S Rotofryer. Unique angled rotating basket. For details see page 631. cat no 422/4538

## Irons Explained

All of our irons use steam to make ironing easier.

**MORE STEAM MEANS:**

- Less effort • Fewer creases • Faster results.

KEY FEATURES TO LOOK FOR:

- STEAM OUTPUT** - More steam power means quicker, easier ironing.
- ANTI SCALE** - Extends iron's life. Permanent anti-scale protects for a lifetime.
- ANTI DRIP** - Stops water dripping from soleplate causing water stains.
- AUTO SHUT OFF** - Turns off iron if left unattended or knocked over.

## SOLEPLATES

- **ALUMINUM** - The basic soleplate used on irons
- **NON STICK** - Non stick coating means the soleplate doesn't stick to fabric.
- **STAINLESS STEEL** - Smoother gliding than aluminium. Steel also distributes the heat evenly making ironing quicker and easier.
- **CERAMIC OR ENAMEL COATED** - Both these soleplate types offer the best glideability making ironing easier and quicker. They are both non-stick and durable.

## ADDITIONAL FEATURES

- **VARIABLE STEAM** - Adjust to suit fabric type and level of creasing.
- **VERTICAL STEAM** - Ideal for ironing when you haven't got time to give ironing board out. Also ideal for use on curtains.
- **WATER TANK** - Larger water tanks don't require constant filling allowing more ironing time.

## STEAM GENERATORS

The fastest and easiest way to remove creases.

ANTI SCALE

ANTI SCRATCH

ANTI Drip

Pushing indicator lets you know when you are ironing too hot or too cold.

No scorching  
No creasing  
No guesswork

Scratch resistant soleplate with large ironing surface and wide steam distribution.

Electronic auto shut off for extra safety.

A revolutionary system which forces pressurised steam deep into the heart of the fabric. The steam goes in, the creases drop out.

## For Professional Results The heavy duty iron that makes light work of ironing
